

Amendments to the Specification:

The Examiner objected to the disclosure because of a number of informalities. Amendments to the specification addressing this objection are indicated herein.

1. The line spacing on the specification, claims or abstract is 1.5 or doubled spaced.
2. The drawings embedded in the original specification are replaced with figure numbers. The drawings are submitted separately.
3. Titles are added to the specification.
4. A summary of invention is added to the specification.
5. A brief description of the drawings is added to the specification.

The above amendments are supported by the specification as originally filed. Therefore, no new matter has been introduced

Amendments to the Drawings:

The substitute drawings include drawings that were embedded in the specification as originally filed. The figures have been renumbered accordingly and are attached herewith. Therefore, no new matter has been introduced.

If there are any additional charges, please charge Deposit Account No. 02-2666.

Respectfully submitted,
